PROJECTS

Carpooling web app *React, Typescript, NestJs, MUI, Prisma, WebSockets*

<https://turmsride.com/>

Full-stack commercial project, designed to help people with reducing car journey expenses. I was also leader of a small team of developers

Portfolio Website *React, MUI, Styled Components, Figma, React Spring*

<https://kacperwolanski.github.io/myPortfolio/>

Project of my portfolio website, self designed with Figma

Face recognition diploma thesis *OpenCV, Python, Numpy*

https://github.com/kacperwolanski/face_recognition

This is my engineering diploma thesis. App uses database of images to recognize people in static images or in real-time computer web camera image

Costs splitter mobile app *IOS, Typescript, React Native*

<https://github.com/kacperwolanski/smartsplit>

Mobile IOS app project, created to divide costs between members of a group of friends

DotTv app *React, MUI, CI/CD, Figma, Typescript*

<https://www.dottv.app/>

A web application designed for watching online television content. I worked on it as React developer during my time at Codespot.
